CAREER OBJECTIVE

A Computer Science student with a natural inclination for detail and a deep appreciation for the craftsmanship behind well-built software. I find genuine satisfaction in the process of breaking down complex systems, identifying inconsistencies, and ensuring that every component works as intended. My academic journey has taught me that great software is not just about writing code — it is about the discipline of validation, the patience of thorough testing, and the commitment to delivering a product that users can trust. I am drawn to the world of Quality Assurance because it demands a unique blend of curiosity, systematic thinking, and an unyielding standard for excellence. Every bug I uncover and every edge case I anticipate feels like a small victory in the larger mission of building reliable, user-friendly applications. I approach every task with a sense of responsibility and punctuality, understanding that in QA, timing and precision are everything. I am eager to bring this mindset to an SQA internship where I can learn from experienced professionals, contribute meaningfully to the quality lifecycle, and grow into a specialist who ensures that software not only functions but truly excels. While my immediate focus is on mastering QA methodologies, I remain open to exploring development roles that would deepen my understanding of the full software lifecycle — always with the same commitment to quality, creativity, and continuous improvement.

EDUCATION

American International University-Bangladesh (AIUB)

Bachelor of Science in Computer Science & Engineering

CGPA: 3.67 / 4.00

Dhaka, Bangladesh

2023 – Present

Sohiuddin Degree College

Higher Secondary Certificate (HSC)

GPA: 5.00 / 5.00

Meherpur, Bangladesh

2019 – 2021

Meherpur Govt. High School

Secondary School Certificate (SSC)

GPA: 4.78 / 5.00

Meherpur, Bangladesh

2010 – 2018

PROJECTS

Smart Residential Society Management System

[\[GitHub\]](#)

- Developed a comprehensive management system for residential societies as part of **Software Requirements Engineering** course.
- Performed requirement elicitation, analysis, and documentation including SRS (Software Requirements Specification).
- Designed database schema and managed data using MySQL for resident records, visitor logs, and maintenance tracking.
- Created technical documentation and user manuals for system deployment.

SkillBridge: A Micro-Freelancing Platform for University Students

[\[GitHub\]](#)

- Developed a micro-freelancing platform as part of **Software Quality Testing** course with focus on quality assurance.
- Applied Agile Scrum methodology for project management and documentation.
- Performed test case design, bug tracking, and quality reporting using Jira and Trello.
- Managed project documentation including meeting minutes, test reports, and user guides.
- Created UI/UX prototypes using Figma and managed version control with Git.

Expose360 (HTML, CSS, JavaScript, PHP, AJAX, JSON, MySQL)

[\[GitHub\]](#)

- Developed a full-stack web application integrating frontend and backend technologies.

- Implemented dynamic data handling using AJAX and JSON.
- Designed and managed relational database using MySQL.

A Micro-Freelancing Platform for University Students (Scrum Model, Figma, Git, Trello, Notion) [\[GitHub\]](#)

- Designed project architecture using Agile Scrum methodology.
- Created UI/UX prototypes using Figma.
- Managed tasks and version control using Git and Trello.

QuickCart (C#, Microsoft SQL Server)

[\[GitHub\]](#)

- Developed a desktop-based shopping management system.
- Integrated database operations using Microsoft SQL Server.

Digital Realm Journey (C++ GLUT)

[\[GitHub\]](#)

- Built interactive graphics-based application using OpenGL Utility Toolkit.

The Shop Management System (Oracle Database)

[\[GitHub\]](#)

- Designed and implemented database schema and SQL queries.

DigiTECH (Java, Java GUI)

[\[GitHub\]](#)

- Developed GUI-based Java application with event-driven programming.

RESEARCH & ACTIVITIES

Research Project Participant

Jun–Jul 2025

4th National Research Project Contest – Bangladesh University of Professionals (BUP)

- Selected to represent AIUB at BUP's national research contest among university teams from across Bangladesh.
- Contributed to research design, data analysis, and the written essay submission; co-presented findings at the contest.

TECHNICAL SKILLS

Frontend Core:	HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, AJAX, JSON
UI/UX & Design:	Figma, Canva, UI/UX Design, Web Design, Responsive Design
Frameworks/Libraries:	React.js, Next.js, Nest.js
Backend Languages:	Python, PHP, Java, C++, C#
Databases:	MySQL, Oracle Database, Microsoft SQL Server, PostgreSQL
QA & Testing:	Manual Testing, Test Case Design, Test Scenario Preparation, Bug Tracking (Jira, Trello), Defect Reporting, UAT Documentation, Agile/Scrum, Selenium WebDriver, Regression Testing, Test Execution & Reporting
Quality Standards:	ISO 9001:2015 (awareness), CMMI Level 3 (basic understanding)
Version Control:	Git, GitHub
Other Tools:	Figma, Notion, Google Colab, Microsoft Office, REST APIs

LANGUAGES

Bengali:	Native
English:	Fluent (Reading, Writing, Speaking)

CERTIFICATIONS & WORKSHOPS

- **Introduction to Front End Development** (May 2026) – Online Course
Certificate code: 10188998. HTML, CSS, and modern web design principles.
- **Code to Cloud: Practical DevOps with AWS** (Apr 2026) – AIUB Computer Club & Cloudly Infotech
DevOps fundamentals, AWS cloud services, deployment workflows, and CI/CD pipelines.
- **IELTS Masterclass** (Dec 2025) – English OSA Compass & Institute of Continuing Education
English language proficiency and communication skills development.
- **The AI Literacy Workshop** (Nov 2025) – Institute for Global Cooperation Foundation
Signed by Executive Director Shama Obaed and Chairman Mahmudur Rahman.
- **How to Secure an Erasmus Mundus Scholarship** (Sep 2025)
AIUB Research & Development Club webinar.
- **From Idea to Paper: A Guided Research Writing Workshop** (Aug 2025)

AIUB Research & Development Club. Guided by Prof. Dr. S.A.M. Manzur H. Khan & Dr. Prodhan Mahbub Ibna Seraj.

- **Critical Essay Writing – 4th National Research Project Contest 2025** (Jun–Jul 2025)
Bangladesh University of Professionals (BUP) Research Society.
- **Introduction to Software Testing** (Apr 2025) – Simplilearn SkillUP
Certificate code: 10069305. Software testing methodologies, QA fundamentals, test-case design.
- **Introduction to Web Development with ChatGPT** (Apr 2025) – Simplilearn SkillUP
Certificate code: 10076924. AI-assisted development workflows and tooling.
- **IT Essentials: PC Hardware and Software** (Jun 2023) – CISCO Networking Academy
PC hardware, OS installation, and software troubleshooting fundamentals.
