CAREER OBJECTIVE

CSE student at AIUB (CGPA 3.67/4.00) with hands-on experience building full-stack web applications, desktop systems, and database-driven solutions across 8 academic projects. Proficient in PHP, MySQL, Java, C#, and C++, with working knowledge of Agile/Scrum workflows, UI prototyping in Figma, and QA practices using Jira. Seeking a junior software engineer or backend developer role where I can contribute immediately and grow within a collaborative engineering team.

EDUCATION

American International University-Bangladesh (AIUB)

Bachelor of Science in Computer Science & Engineering

CGPA: 3.67 / 4.00

Relevant Coursework: Data Structures, Algorithms, Database Management, Web Development, Software Engineering, Software Quality Testing, Software Requirements Engineering

Dhaka, Bangladesh

2023 – Present

Sohiuddin Degree College

Higher Secondary Certificate (HSC)

GPA: 5.00 / 5.00

Meherpur, Bangladesh

2019 – 2021

Meherpur Govt. High School

Secondary School Certificate (SSC)

GPA: 4.78 / 5.00

Meherpur, Bangladesh

2010 – 2018

TECHNICAL SKILLS

Frontend Core:	HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, AJAX, JSON
UI/UX & Design:	Figma, Canva, UI/UX Design, Web Design, Responsive Design
Frameworks/Libraries:	React.js, Next.js, Nest.js
Backend Languages:	Python, PHP, Java, C++, C#
Databases:	MySQL, Oracle Database, Microsoft SQL Server, PostgreSQL
QA & Testing:	Selenium, Test case design, Bug tracking (Jira, Trello), Agile Scrum, Test reporting
Version Control:	Git, GitHub
Other Tools:	Figma, Notion, Google Colab, Microsoft Office, REST APIs

LANGUAGES

Bengali: Native

English: Fluent (Reading, Writing, Speaking)

PROJECTS

Smart Residential Society Management System

[\[GitHub\]](#)

- Developed a comprehensive management system for residential societies as part of **Software Requirements Engineering** course.
- Performed requirement elicitation, analysis, and documentation including SRS (Software Requirements Specification).
- Designed database schema and managed data using MySQL for resident records, visitor logs, and maintenance tracking.
- Created technical documentation and user manuals for system deployment.

SkillBridge: A Micro-Freelancing Platform for University Students

[\[GitHub\]](#)

- Developed a micro-freelancing platform as part of **Software Quality Testing** course with focus on quality assurance.
- Applied Agile Scrum methodology for project management and documentation.
- Performed test case design, bug tracking, and quality reporting using Jira and Trello.
- Managed project documentation including meeting minutes, test reports, and user guides.
- Created UI/UX prototypes using Figma and managed version control with Git.

Expose360 (HTML, CSS, JavaScript, PHP, AJAX, JSON, MySQL)

[\[GitHub\]](#)

- Developed a full-stack web application integrating frontend and backend technologies.
- Implemented dynamic data handling using AJAX and JSON.
- Designed and managed relational database using MySQL.

A Micro-Freelancing Platform for University Students (Scrum Model, Figma, Git, Trello, Notion) [\[GitHub\]](#)

- Designed project architecture using Agile Scrum methodology.
- Created UI/UX prototypes using Figma.
- Managed tasks and version control using Git and Trello.

QuickCart (C#, Microsoft SQL Server)

[\[GitHub\]](#)

- Developed a desktop-based shopping management system.
- Integrated database operations using Microsoft SQL Server.

Digital Realm Journey (C++ GLUT)

[\[GitHub\]](#)

- Built interactive graphics-based application using OpenGL Utility Toolkit.

The Shop Management System (Oracle Database)

[\[GitHub\]](#)

- Designed and implemented database schema and SQL queries.

DigiTECH (Java, Java GUI)

[\[GitHub\]](#)

- Developed GUI-based Java application with event-driven programming.

CERTIFICATIONS & WORKSHOPS

- **Introduction to Software Testing** (Apr 2025) – Simplilearn SkillUP
Certificate code: 10069305. Software testing methodologies, QA fundamentals, test-case design.
- **Introduction to Web Development with ChatGPT** (Apr 2025) – Simplilearn SkillUP
Certificate code: 10076924. AI-assisted development workflows and tooling.
- **The AI Literacy Workshop** (Nov 2025) – Institute for Global Cooperation Foundation
Signed by Executive Director Shama Obaed and Chairman Mahmudur Rahman.
- **From Idea to Paper: A Guided Research Writing Workshop** (Aug 2025)
AIUB Research & Development Club. Guided by Prof. Dr. S.A.M. Manzur H. Khan & Dr. Prodhan Mahbub Ibna Seraj.
- **How to Secure an Erasmus Mundus Scholarship** (Sep 2025)
AIUB Research & Development Club webinar.
- **Critical Essay Writing – 4th National Research Project Contest 2025** (Jun–Jul 2025)
Bangladesh University of Professionals (BUP) Research Society.
- **IT Essentials: PC Hardware and Software** (Jun 2023) – CISCO Networking Academy
PC hardware, OS installation, and software troubleshooting fundamentals.

EXTRACURRICULAR ACTIVITIES

- **Active Member** – AIUB Research & Development Club (2024 – Present)
Participate in research workshops, seminars, and collaborative projects.
- **Competitor** – Intra-University Programming Contests
Regular participant in coding competitions organized by AIUB Computer Club.
- **Volunteer** – University Tech Fest (2024)
Assisted in event coordination and logistics management.

RESEARCH & ACTIVITIES

Research Project Participant

Jun–Jul 2025

4th National Research Project Contest – Bangladesh University of Professionals (BUP)

- Selected to represent AIUB at BUP's national research contest among university teams from across Bangladesh.
- Contributed to research design, data analysis, and the written essay submission; co-presented findings at the contest.
